Resume

The Dufour 40 is a sleek unit with a fine hull and flowing lines. Its Italian naval architect, Umberto FELCI, chose to center the weights and lower the center of gravity to make the boat stiff under sail. These technical features combine comfort and speed, giving the DUFOUR remarkable versatility and undeniable seaworthiness.

The DUFOUR 40 is just as capable of taking you to victory in a regatta as it is on to the coast of Ireland or of Spain ! It's also a pleasure to live aboard, with spacious cabins, a bright saloon and a well-designed kitchen.

In addition to its versatility and performance, this yacht will be remembered as much for its speed as for its habitability. Your stay aboard this racing-cruising unit will be the more enjoyable.
