## Resume

L'Ovni 385 is a success signed by the architect Philippe Briand. It was built by the Alubat yard, renowned for its detail and experience.

Designed for long-distance cruising both family or friends, the OVNI 385 is an ideal boat for life at sea.

The interior fittings are warm and comfortable, with a lot of wood. She has 3 cosy and comfortable double cabins and 2 berths in the saloon.

In terms of equipment, the central table, large icebox, 2 stainless steel sinks and plenty of storage space make life on board easy. This is a very pleasant yacht to live aboard, with a spacious, light-filled interior.

The navigation area will allow you to study your itinerary in peace and quiet.

On deck, manoeuvring is easy and sailing pleasant. The sailboat controls are within easy reach from the cockpit: winches, halyard leads, aft skirt with bathing ladder, freshwater shower and rubber.

The OVNI 385 will enable you to drop anchor in the inaccessible anchorages of Brittany and much more!
