Resume

The Dufour 360 is a cruising monohull built by Dufour Yachts in France.

This fixed keel yacht, designed by Italian naval architect Umberto Felci, is 10.73 m long with a maximum draft of 1.90 m for a beam of 3.54 m.

Production started in 2017.

You sail with a double steering wheel and the sail area is about 60 m² upwind.

She is equipped with a Volvo Penta inboard engine.

The interior is spacious and bright; the fittings are simple, functional and the wood finish is sober and warm.

It is a well-balanced and versatile yacht that will adapt well to family sailing, challenge the crew in regattas and even make you dream of the open sea...
