Resume

New into the Dufour Yachts brand, the Dufour 32 has been developed, in the same spirit as the latest models in the range, to be an innovative, sporty, lively yacht that is easy to handle, both with a crew or single-handed.

Like its predecessor, the Dufour 310, it offers excellent marine performance.

All the spaces have been completely redesigned to offer a volume rarely reached on a yacht of this size and, above all, a multitude of playful and intelligent uses.

The Dufour 32, a judicious concept of modernity, ergonomics and modularity.

For the first time on a 32-foot yacht, you can enjoy a stern sunbathing area ... sheltered by a shade cloth that can be adjusted in a few seconds. The back cockpit door, inflatable and removable by folding down, will complete this large convivial space in order to offer you the comfort of a larger sailing boat.

Always with the desire to offer the largest possible exterior space, the tiller becomes free-standing and retractable and will allow you to take advantage of this space while guaranteeing you incomparable smoothness of helm and manoeuvrability at all times.

Inside, the Dufour 32 is very spacious and has large deck windows that guarantee a pleasant living space at any time of the day.
